

WATAUGA COUNTY COMPREHENSIVE TRANSPORTATION PLAN PUBLIC INPUT SURVEY

The 2013 Watauga County Comprehensive Transportation Plan (CTP) is in the process of being updated. A CTP is a long-range multi-modal transportation plan with a 25-30-year planning period and is used to identify transportation projects for future funding. The CTP includes recommendations for highway, public transportation, bicycle, and pedestrian modes of transportation. The CTP recommendations are guided by a local CTP steering committee and public input.

Public input is being sought for the Watauga County CTP. The public input survey can be accessed at following link or by scanning the QR code:
